Hi Dan,

It was good talking to you earlier. Here are the links I mentioned:

-<http://yosemite.epa.gov/r9/r9sips.nsf/allsips?Readform&state=arizona> (you can select Maricopa County or other areas of the state). This has more detailed information about the rules that are incorporated into the SIP. The plans listed at the top are not up to date.

-<http://www.epa.gov/region09/air/actions/az.html>. This link has the most recent SIP actions, but I'm not sure if any of them include regulations that impact CAFOs. I will talk to our Air Rules Office to see if there are any CAFO rules or rules that would apply to CAFOs in Maricopa County.

Thanks.
